

Foldy Folding Scaffold

CUSTERS

Aluminium Scaffolding

Aerial Work Platforms

Ground Support Equipment

Compact and cost-conscious Perfect for every job!

Foldy folding scaffold offers an unique price-quality ratio for the demanding professional.

These sharp priced folding scaffolds fits seamless in the Custers scaffolding system.

The above average tube wall thickness guarantees a long life. The 7-all around welded-rungs offer more variation in platform height together with a stronger frame. The 120mm castor wheels mounted by aid of an expander offer extra stability.

The overall height of just 186cm makes it easy to move through doorframes and offers ease during transport!

Specifications
